

**"Bright Moonlight"**

**The bright moonlight and all the stars are shining bright  
I sit and think of lovely things divine  
I think of you although you're far from sight  
I do not like to leave you in the night.**

**The silvery moon and all its splendid things above  
That makes me feel the thrill to fall in love  
And now my love for you will never die  
So darling please don't try to say goodbye.**

---

**"Terang Bulan"**

**Terabg Balan dan bintang pun berchaya  
Dudok termenong memikir-kan chinta  
Mwmikir-kan chinta yang jauh di-mata  
Sampai hati meninggal-kan saya.**

**Terang Bulan terang-lah di-kali  
Sambil dudok hati ku menangis  
Rasa hidup ku malang sekali  
Hati ku pilu sebagi di iris**

**Terang Bulan terang di balek papan  
Buaya timbol ku sangka kan mati  
Jangan perchaya mulut perempuan  
Brani sumpa takot la nya mati.**
