

Message from our New Chairman, Mal White

It is with honour that I take up the position as your National Chairman, My predecessor David Neil will be a hard man to replace, over the past five years he has steered our Association through good and trying times, always doing what he thought was best for the NMBVA.

As Vice Chairman and editor of the Keris I have worked with our National Executive Committee for many years to ensure that our organisation continues to do its best for our members.

During my service as Vice Chairman with the NEC we replaced the original memorial, which was at the time a distinctive Memorial, but it had several problems which needed to be overcome.

Our current Memorial at the National Memorial Arboretum Alrewas in Staffordshire is a credit to our organisation and will be a reminder to all that visit the Arboretum for many years to come, long after we have gone, of Malaya & Borneo conflicts which we were part of, and sadly those that gave their all and didn't return home.

Even though our numbers are diminishing we will as a Veterans Organisation continue for the foreseeable future, our numbers at the Annual Reunion are not falling, the spring social at Blackpool has become so popular that we are having to cap the numbers that attend.

I look forward to meeting members that as yet I haven't met, and if any member wishes to contact me please do so,

Yours Truly

Mal White
